## We owe our success to Schulich

*"Case competitions on the international stage provide an opportunity to expand your learning and broaden your horizons – a very integral part of the MBA experience. It was a proud moment for me when my team was selected for the Boston regional finals of the 2013 Hult Prize competition. With the support of Schulich behind us, we were able to put aside financial worries, focus on building our solution of empowerment through education and compete to the best of our abilities."*

In the past year, Schulich graduates have invested generously in the Schulich Annual Fund, helping students succeed through scholarships, new programs and opportunities like case competitions; expanding our School's global network; and contributing to Schulich's growing reputation as one of the world's best business schools.
