

The HSBC Social Innovation Academy is a national initiative training impact-driven youth and cultivating the social innovation ecosystem in Canada.

We help youth across Canada plan for a career in social innovation and impact investing through a virtually-delivered **Fellowship Program** and **summer analyst internships** with impact organizations from Vancouver to Saint John.

Since launching, we have engaged:

250+ youth

43 fellows

29 analysts

“

I came into SIA in the pursuit of new skills and learning experiences, as well as a platform to contribute to a socially oriented cause; however, SIA has gifted me with so much more. It is an organization where I am surrounded by mentors that truly care about the growth of the organization’s Fellows; there has been a considerable effort put into nurturing us into reflective and socially and emotionally competent individuals.

Daniel Tan, SIA Fellow

SIA helped me determine that finding a career that is values-aligned, meaningful, and impactful is entirely possible with a degree that is stereotypically for self-serving individuals. This internship has given me a trajectory for my future career path.

Gaby Fekete, SIA Analyst @ Innovate Calgary

Our Supporters

Fellows will work with social purpose organizations of all shapes and sizes:

Analysts will be placed in summer internships across Canada with our network of partners:

Get involved with the HSBC Social Innovation Academy:

Youth aged 18 - 30
