**Spring 2022** October 1, 2021

**Double Degree** April 1, 2021

## Nomination Procedure

The home university nominates their student(s) via email including the following information:

- First name and family name of the student (as shown in passport)
- Student's gender
- Student's nationality (for visa purposes)
- Term(s)
- Study program (BSc, MSc)\*
- Student's email address

\* Due to the different campus locations and program structures, graduate exchange students can no longer mix MSc and MBA courses.

From now on, the partner university should indicate for each nominee upon nomination whether this graduate student is applying for our MSc Exchange Program on our Vallendar campus or our MBA Exchange Program on our Düsseldorf Campus (if eligible; see our WHU Campus Düsseldorf MBA Fact Sheet).

## Application Process

After the home university has emailed the nomination to the respective exchange coordinator at WHU, the nominated student(s) will receive instructions for the online application procedure via email.

Shortly after the application deadline, we will process the complete online applications and send an acceptance package including the letter of acceptance for each student to the international office at the home university.

## Housing

<https://www.whu.edu/housing>

The application for housing is done within the online application. After processing the application, the housing office will contact the students directly. Housing is distributed on a first-come, first-served basis. Exchange students will be given support to find their apartment before arrival, either by maps, detailed descriptions on how to find the apartment or by a WHU student buddy.

**Expected date of arrival:** the day before our mandatory orientation.

## Visa and Residence Permit

<https://www.whu.edu/programs/exchange-programs/pre-departure-arrival-at-whu/>

Depending on their nationality, students might need a visa and/or residence permit to study in Germany. While we assist students in applying for their residence permit during orientation, it is the student's own responsibility to take care of visa matters as early as possible, ideally at least 2 months prior to departure.

Students should contact the German Consulate of their home

country (or country of residence) to find out if they need a student visa prior to entering Germany/Europe for study purposes.

## Health Insurance

<https://www.whu.edu/programs/exchange-programs/pre-departure-arrival-at-whu/>

All exchange students have to provide proof of health insurance upon their arrival at WHU. It has to cover the following aspects to be acknowledged by the German authorities:

- The student's name has to be mentioned as the insured person
- Period of time: coverage of the entire stay in Germany
- Region: Germany must be covered
- Emergencies must be covered
- All medical expenses must be covered

Health insurance with full coverage for sickness, emergencies and all medical expenses is absolutely mandatory for all exchange students in Germany. Students can contact the International Relations Office at WHU in advance to check if their health insurance is sufficient.

## Cost of Living

<https://www.whu.edu/programs/exchange-programs/pre-departure-arrival-at-whu/>

## Online Course Guide

## Language of Instruction

Two undergraduate tracks are offered: either with 80% or 100% of the courses in English. The graduate programs are taught completely in English.

## Language Requirements

BSc and MSc exchange students do not need to prove their proficiency in English as we trust the selection process of our partner universities. However, a high level of English proficiency is required as the majority of the courses are taught and examined in English. We therefore strongly recommend that exchange students have English language skills equivalent to an internet based TOEFL score of at least 95.
