

BBA Delayed Entry Information Package

Fall 2022

To be considered for admission, **applicants must complete 30.00 credits at York University**, as specified on the reverse side of this document. To be competitive, applicants should have an overall A-average in their first year of study. A supplementary application is also required to be considered for admission. Please note that meeting the minimum requirements does not guarantee an offer of admission.

Admission requirements and application procedures can be found on our website at <https://schulich.yorku.ca/newbbaibba>. The maximum transfer credit awarded is 30.00 credits. Students cannot be admitted to Schulich at any level higher than Year 2. York applicants who have additional years of post-secondary education (e.g. college/university) and are seeking advanced standing beyond first year of university, may wish to investigate other undergraduate degrees that may offer additional transfer credits and/or consider Schulich's Masters programs as a future option. If a prerequisite course is full, please contact the department that is offering the course for permission to enroll or take a course credit exclusion in its place. For detailed information, please refer to the York University Courses Website at <https://w2prod.sis.yorku.ca/Apps/WebObjects/cdm>.

The deadline to apply for Delayed Entry to the BBA Program is **March 2, 2022**.
