Full-time students may be eligible for government student loan funding through the Ontario Student Assistance Program.

**OSAP at a Glance**

The Ontario Student Assistance Program (OSAP) is a mix of grants and loans for students. Through one OSAP application, you have access to this mix of different financial aid programs, depending on your circumstances.

Both the Ontario government and Federal government provide this money. For complete OSAP information and to apply online, go to the government’s OSAP website at [www.ontario.ca/osap](http://www.ontario.ca/osap).

Loans are payment-free and interest-free while you are enrolled as a full-time student. OSAP is a need-based program and is intended to contribute to a student’s educational costs, not to replace the financial responsibilities of the student and his/her family.

For a step-by-step guide, please visit the York University OSAP website at [www.osap.yorku.ca](http://www.osap.yorku.ca).

Awards and Financial Support
Help create a new generation of leaders at the Schulich School of Business by supporting scholarships, awards and bursaries for current and future students.

**Invest in business leaders of tomorrow**

Pursuing a business degree isn’t easy. Students have to manage program fees, living costs, family demands, and, in some instances, international travel expenses. An offer of financial support can prove to be the deciding factor both for talented students continuing their post-secondary studies and working professionals returning to school to upgrade their skills.

Attracting the best students and supporting them throughout their studies is a top priority of the Schulich School of Business and key to our ability to maintain a competitive student experience. Some of our awards are among the highest value offered to graduate business students in Canada.

By establishing new scholarships/bursaries/awards, you are investing in the business leaders of tomorrow, who will undoubtedly go on to make significant and meaningful contributions to the global society for years to come. Help us ensure that a lack of financial resources is never a barrier to current and future Schulich students.

**Leading Change**

The 50th Anniversary of the Schulich School of Business heralded a half century of global business leadership and the launch of the biggest and boldest campaign in the School’s history: Leading Change.

Leading Change is Schulich’s fundraising and alumni engagement campaign seeking to raise $50 million by 2021. Schulich is Leading Change through Campus Expansion, Innovative Thinking, Research & Discovery, Alumni Engagement and Student Success.

Gifts to Leading Change to benefit Student Success will help establish new, high value entrance scholarships, bursaries and awards for students. Endowed or term-funded awards will recognize the academic merit of students applying to attend Schulich from other countries or areas of Canada, while also aiding those who, otherwise, would not have the means to attend Schulich.

“Gifts to the Schulich School of Business in the form of scholarships, awards and bursaries have a major impact on the achievements of our students. These achievements in turn contribute in a significant way to the School’s continued success.”

Dezső J. Horváth, PhD, CM
Dean & Tanna H. Schulich Chair in Strategic Management, Schulich School of Business
At the Schulich School, we have a number of different categories of awards and funding options, which include:

**Award Types**

**Scholarship**
Scholarships recognize exceptional talent/promise or academic excellence in a program or specialization at Schulich, like finance or entrepreneurial studies. In some cases, scholarships may also include non-academic criteria (i.e., leadership, volunteerism). All scholarships appear on a student’s transcript.

**Award**
Awards combine academic and/or non-academic criteria (i.e., leadership, volunteerism) and/or financial need. Awards appear on a student’s transcript.

**Bursary**
Bursaries are designed to assist students who have financial need. Recipients must be in good academic standing. Bursaries do not appear on the student’s transcript.

**Support Options**

**Creating an endowment**
An endowed scholarship/bursary/award is a powerful opportunity for a Schulich donor to generate a lasting, long-term impact for future generations of Schulich students. With your generous gift, an endowment fund is permanently established at York University and is responsibly invested, in perpetuity. Each year, a portion of the interest income earned on your endowment gift is distributed to the student recipient(s) of your scholarship/bursary/award. As you can imagine, over time your endowed fund will build its financial strength and deepen its impact. At the Schulich School of Business, gifts of $25,000 or more are eligible for endowment.

**Annually funded**
As an alternative to establishing a permanent endowment, some donors consider providing crucial financial aid funding to Schulich students on an annual basis. Donors can establish new annual scholarships/bursaries/awards by pledging support for a minimum of three years. At the Schulich School of Business, annual support of $1,000 or more will allow for the creation of a new scholarship/bursary/award.

You can support Schulich’s financial aid program in many ways
