Method of instruction

In-person modality.

The default mode of delivery of teaching and learning will be in-person and on campus for all classes offered in AY2023-24. Students on exchange will not be able to take courses remotely at CEIBS. We will send you immediate updates when there are any changes.

Generally, classes are delivered in a lecture format. Course organization varies according to different professors, and it may involve group projects, case studies and presentations.

Visa and Travel Restrictions

Exchange students are required to obtain an “X2” visa for entry into China.

Regrettably, the suspension of X-2 study visa (short-term, exchange student visa) to China is still in place, and there are no signs when or on what conditions would the restrictions be lifted.

It is not guaranteed that international exchange students would secure a visa to China in the upcoming academic year.

CEIBS International Office and MBA office will follow up the issue closely and help provide school letters if the aforementioned travel ban is discontinued in due course.

Enrollment Requirements

Language of Proficiency: All CEIBS MBA courses are taught in English. Exchange students should acquire proficiency in English.

Academic/Experience Requirements:

Second year MBA candidates only. First-year MBA core courses are not available to exchange students.

CEIBS MBA students have 5-6 years of working experience on average and their average age is 29.

Class Attendance

Class attendance is mandatory.

The normal class size for an elective course is 40-60. Students must be seated according to the given seating chart, to assist the faculty in evaluating the class participation.

Students are required to attend all registered courses as scheduled.

- 10 minutes late or absence in the middle of a class will be considered as absence for the class. One late arrival within 10 minutes will be counted as 0.5 absence.
- Absence in 25% or more of the total sessions of one course will result in a mandatory reduction of the final grades or exclusion from the class, regardless of the reason for absence.
- A student missing 50% or more of the classes of any particular course will automatically fail the course and will not be granted credit for the course.
- All absences are counted toward the students' grade performance, regardless of the reason or the permission granted. Faculty members may also impose grading penalties for absences of less than 25% of sessions according to their own grading criteria.

Grading

CEIBS grade is based on a relative grading system with letter grades:

CEIBS Grade	Description	Grade Points
A	Outstanding	4.0
A-	High Performance	3.7
B+	Good Performance	3.3
B	Satisfactory	3.0
B-	Low Performance	2.7
C+	Marginal Performance	2.3
C	Unsatisfactory	2.0

C+ is the passing point, for a student to get the credits for the course.

Grades are confidential. Students get score reports every term from CEIBS Dean's Office. The transcripts will be mailed to the home institution directly.
