# A Message from the Executive Director, Centre for Career Design

In reflecting upon the accomplishments of the Schulich MBA Class of 2023, it becomes evident that diversity is not just a characteristic but a hallmark of our community as Canada's Global Business School.

With a cohort exceeding 300 individuals, of which more than 50% hail from international backgrounds and 44% self-identify as female, we take immense pride in witnessing their journey through our program's 17 areas of specialization. Our graduates have equipped themselves with the requisite knowledge to pursue a myriad of passions, from roles as varied as Fundraising Specialist and Creative Director to Management Consultant, Pathways Operations Manager, and beyond.

The Class of 2023 experienced the benefits of a return to predominantly in-person recruitment efforts, coupled with an expansion in the breadth of opportunities offered by an increasingly diverse array of employers. A significant contributor to this success was the infusion of new leadership within the Corporate Relations Team at the Centre for Career Design.

Despite facing a challenging recruitment landscape, the MBA Class of 2023 demonstrated resilience, emerging triumphant with notable achievements both professionally and personally. We extend our heartfelt gratitude to our corporate partners old and new, and extensive alumni network for their unwavering belief in the potential of our students, thereby facilitating the launch of their post-MBA careers.

“The Strategy Field Study (601) was one of the most challenging aspects of the program. It’s one thing to learn about something in a classroom, but the 601 pushed us to question and apply those same concepts in a real-world setting. Through the 601 I not only gained valuable experience, but also built strong relationships that I know will last throughout my career.”

## What Our Employers Are Saying

“The Schulich MBA program attracts high-calibre individuals from various backgrounds and experiences, creating a dynamic set of candidates that are a pleasure to meet with during the recruiting process. This rich diversity of perspectives fuels innovation and fosters well-rounded business leaders that we are lucky to bring into Gartner Consulting. The program’s reputation for academic rigor and practical application translates into graduates who hit the ground running. They’re well-equipped with the skills and knowledge we need to succeed in our fast-paced environment. The CCD team is incredibly knowledgeable and always goes the extra mile to connect us with the perfect candidates which has led to some truly exceptional hires for our organization.”

**Lydia Humphreys**

Senior University Recruiter, Gartner

**Gartner**

“At American Express, we have found a reliable source of top-tier talent in Schulich MBA students. The strength and diversity of the Schulich student body never fail to impress us – their unique perspectives, strong work ethic, and innovative thinking will make them valuable additions to AMEX, and many other companies.

Working with the CCD team at Schulich has been a seamless and rewarding experience. Their dedication to connecting students with opportunities and creating possibilities for both companies and individuals is truly commendable. The support and guidance provided by the CCD team have been invaluable in helping us find the right candidates to meet our business needs.”

**Yoni Soleyn**

Bilingual Talent Acquisition Partner,  
Colleague Experience Group (CEG), American Express

# Meet the Corporate Relations Team
