ABOUT IAE BUSINESS SCHOOL

Business men and women have transformed their lives at IAE since 1978. Later on, the school was included as an academic unit of Austral University.

Today IAE is the only business school in Argentina with the “triple crown” – (accreditation from AACSB, AMBA, EQUIS).

Our Alumni Association offers a network of more than 18.000 graduates who continue their relationship with the School, taking advantage of the positive impact it has had on their lives.

IAE offers Senior Management Programs, tailor made Programs for Companies, Executive MBA Programs and Full-Time MBA Program. All IAE Programs share the goal of designing an environment in which students can expand their perspectives, develop managerial skills and search for meaning in their challenges. This purpose is achieved through curricula that balance the fundamentals of management and cutting edge knowledge with a strongly personalised delivery. Innovation in pedagogical materials and class delivery formats is the highlight of the IAE transformational experience.
