INTERNATIONAL STUDENT EXCHANGE PROGRAM (ISEP) FACTSHEET

ABOUT THE SCHOOL

The Asian Institute of Management (AIM) is an Asian pioneer in management education. The Institute was founded in 1968 by a consortium of prominent business leaders, Philippine academic institutions, and the Harvard Business School.

AIM is the first school in Southeast Asia to receive accreditation from the US-based Association to Advance Collegiate Schools of Business (AACSB), globally recognized as having the world's highest standards.

Throughout its history, the Institute has sought to empower students to thrive in challenging, rapidly shifting environments. It achieves this by encouraging a more considerate, effective, and sustainable approach to business in society.

LEARNING METHODOLOGY

Class Format: AIM uses the case method, which means students are expected to participate actively in live, extemporaneous discussion. For most courses, class participation accounts for more than 50% of the total grade. Students may also be asked to perform field research by hands-on field projects. Students may be sent to corporate internships. Management games and simulations are also used. The AIM culture emphasizes analysis of facts, exploration of alternative courses of action, and simulates real life managerial decision-making experiences.

Exams: Exams are given on a case-to-case basis. In lieu of exams, students are required to submit group projects, individual reflection papers and reports.

TRANSCRIPT OF RECORDS

A copy of the official transcript will be emailed to the partner school's exchange office two months after the end of term. Should a physical copy be required, the student must inform AIM's contact person.

VISA REQUIREMENTS

International students who are accepted for study in AIM are required to secure a 47(a)(2) Special Non-Immigrant single entry visa. It is a visa similarly granted to expatriate businessmen, among others. Do not attempt to come in under a tourist visa. Declare if you have dual citizenship.

The initial 47(a)(2) visa is a single-entry visa and is valid for travel within three months upon issuance. The process is fixed by law. Requirements vary from country to country. Please check with the Philippine Embassy/Consulate nearest you for the requirements of the single-entry visa. AIM is required by the Department of Justice (DOJ) and Department of Foreign Affairs (DFA) to apply for entry clearances to support the visa application of the student. The student can only apply for the 47(a)(2) visa in the home country after the entry clearances have been approved by DOJ and DFA.

Upon arrival, AIM's Office of the Registrar will need to process the validity extension of the 47(a)(2) visa. The visa extension will do two things.

- It will extend the validity of the visa to cover the entire duration of the program.
- It will allow the student multiple-entry privileges.

To allow AIM to facilitate your entry clearances and visa extensions, the Office of the Registrar requires you to submit the following upon arrival in AIM:

- Passport (valid for at least 18 months from the time classes start)
- Application form to be provided by the Office of the Registrar upon arrival
- Visa extension fee is approximately US\$ 135

The submission of the requirements for the visa extension should be done within the first two weeks of arrival in AIM. The extension process may take up to eight weeks or more. Students are advised that they cannot travel outside the Philippines while their visa extensions are being processed.
