| <p>Application Deadline</p> <p>(The application link will be emailed to all nominated students)</p> | <p>Fall Term Exchange (September—December): May 1</p> <p>Winter Term Exchange (January-April): September 15</p> <p>Summer Term Exchange (May-July): January 15</p> <p>MBA 2-Week Summer Program (May/June): March 10</p>   |
| Required Documents  | <p>An online exchange application including:</p> <ul style="list-style-type: none"> <li>• Recent transcript including currently enrolled courses</li> <li>• Proof of English language proficiency if studying in a language other than English</li> <li>• Resume or curriculum vitae</li> <li>• Photo</li> </ul> |

## Language Requirements

Students must have a high level of English proficiency. We assess a student's proficiency through the following methods:

|  |   |
|--|---|
| TOEFL iBT                                | Minimum score: 100  |
| IELTS – Academic                         | Minimum score: 7  |
| TOEIC (both required)                    | Minimum score: 850  |
| Post Secondary Classes Taught in English | Historical evidence that students have successfully pursued post-secondary studies in English |

## Work Experience

It is strongly recommended students have a minimum of 2 years post degree full-time business-related work experience. Work experience is important for students to use as a point of reference to draw from so they can contribute to class and group discussions.

In addition to the above, we trust that Exchange Coordinators will select appropriate students to attend.

## Academic Information

### Course Information

Graduate exchange students must have completed all master foundation (first year/core) courses and may only enrol in MBA elective (upper level) courses at the Schulich School of Business. Elective courses have small class sizes. A variety of teaching methods are used including lectures, case studies, individual and group projects, term papers, presentations, exams and classroom discussions. Attendance is mandatory. Class participation is part of the final grade.

A 3-credit course consists of approximately 100 hours of work including 3 in-class hours over 12 weeks (36 in-class hours/course). A full course load for Schulich students is 5 courses (15 Schulich credits). Exchange students are expected to enrol in a minimum of 3 courses (9 Schulich credits).

Elective courses may differ from term to term. Enrolment into a course is not guaranteed therefore, students may need to be flexible. Additional information can be found under Courses & Academics.

### Exams

Final exams take place the week following the last day of classes. Students should not make plans to travel home before the end of the exam period however, students can leave early if all course requirements are completed.

### Grades & Transcripts

Students can view their grades online. Schulich uses a letter grade system: A+, A, A-, B+, B, B-, C+, C, C-, F. An official transcript is sent to the home institution approximately 4-6 weeks after completion of the term. Additional transcripts can be ordered online through the Registrar's Office.

### Code of Conduct

All students are to follow the code of conduct set by the University including the completion of academic integrity modules prior to the start of the term.

## International Relations Support

### Pre-Arrival Webinar

Before the start of each term, we provide information about arriving in Canada, including documents required to enter Canada, housing, health insurance, transportation and other helpful information.

### Orientation

The mandatory Orientation provides information and resources designed to help prepare students for the journey ahead as well as connect students to the Schulich community. Students will meet the international team as well as Schulich and other exchange students.

### Visa Information & Immigration Support

Exchange students are responsible for obtaining the appropriate Canadian immigration document to enter Canada. Students studying for less than 6 months are permitted to enter and study as visitors and must apply for the correct travel document (Temporary Resident Visa or electronic Travel Authorization) prior to entering Canada. A Canadian study permit is not required. Please refer to the [Visit Canada](#) website ([find out if you need a TRV or eTA](#)) to determine which document to apply for. Students requiring a Temporary Resident Visa (TRV) should apply as early as possible as [processing times](#) can be lengthy. Our team includes an immigration specialist for any questions/issues for entry into Canada.

### English Language Peer Support (ELPS)

The ELPS program provides students with one-to-one English language assistance on assignments, cases, papers and presentation skills. Students who want support with English proficiency will work together with peer supporters, who will provide feedback on grammar, structure, citations and verbal presentation skills.

## Health Services

### University Health Insurance Plan (UHIP)

UHIP is mandatory for all exchange students. UHIP provides basic coverage such as a visit to a doctor or hospital. Registration for UHIP is administered by York University before students start the term. Students can opt into a supplementary insurance to cover costs that are not covered under UHIP such as medications, dental and paramedical services.

### Student Accessibility Services (SAS)

Academic support and accommodation are available for students with disabilities (AD/HD, autism spectrum disorders, mental health, physical, sensory, medical and learning disabilities). Registration and documentation are required and should be submitted once approved for exchange so students can receive support.

### Student Counselling & Development (SCD)

A professional and supportive environment provides students with equitable access to a range of services that assist in facilitating their academic success.

## Career Services

The Centre for Career Design (CCD) offers students assistance to help guide them towards their career aspirations. Students have access to corporate information sessions and panel discussions, workshops, networking events, individual counselling, resume review and mock interviews.

## Student Life

### Open Arms Committee (OAC)

The OAC connects exchange students with a current MBA student to help support the transition of students to Schulich and Toronto.

### Graduate Business Council (GBC)

The GBC represents the interests of all graduate students to faculty and administration at Schulich. The GBC organizes student activities relating to business community interactions, recreational programs and social events.

Schulich's clubs provide a valuable space for students to explore business interests and develop skills for leadership. From Canadian mining to investment banking to sustainable enterprise, the variety of clubs allow students to pursue a broad spectrum of interests. Exchange students are encouraged to participate in these clubs during the term.

## Housing

York University's Housing Services offers a variety of housing options on campus for different lifestyles and budgets. For information regarding both on-campus and off-campus housing, refer to Schulich's Student Housing Opportunities website. Students are responsible for securing their own accommodations. Please note that on-campus housing is not guaranteed.

## Living Expenses (for a 4-month term\*)

\* Estimates are in Canadian dollars (CAD) and are subject to change

|   |  |
|---|--|
| Housing: On-Campus<br>Off-Campus                                      | \$4,820 Bachelor apartment<br>\$3,000-\$5,000 near York U, \$5,000-\$10,000 Downtown |
| Books and Course Material   | \$750  |
| University Health Insurance Plan (UHIP)<br>GSA Health Plan (optional) | \$252<br>\$375   |
| Food  | \$2,500  |
| Local Public Transportation   | \$512 (based on post-secondary monthly pass)   |
| Entertainment / Recreation  | \$1,000  |

# Short Summer Program 2025

## Intelligent Innovation Ecosystem Design

In the last decade, Toronto has risen to global prominence in the arena of Tech & Innovation: an ecosystem that nurtures and powers up high-growth startups, scaleups, and unicorns. The mission of Intelligent Innovation Ecosystem Design is to empower students with the skills and experiences to master the tech landscape and to bring systems thinking to their own organizations and communities.

### UNLOCK THE STRATEGIES BEHIND CREATING A THRIVING TECH & INNOVATION ECOSYSTEM:

Learn the frameworks and strategies behind sparking, scaling, and sustaining Tech & Innovation from the most influential ecosystem design minds in Toronto.

**June 9 – 20, 2025**

Nomination Deadline: March 1, 2025

### Program Experience Includes:

- Course materials and readings
- Site visits and company presentations
- Welcome lunch/farewell dinner
- Social and cultural excursions
- Sightseeing tours in Toronto
- CN Tower Visit
- Day trip to Niagara Falls
- Transportation to/from excursions and company visits

See [Graduate Short Summer Program](#) for more information

3.0 Schulich Credits (39 Contact Hours)

PROGRAM FEE: \$705 CAD, Tuition: waived for nominated students

#### MASTERING THE INNOVATION FLYWHEEL

Understand the components behind a thriving ecosystem and how these came together to move tech and innovation forward

#### THE INNER WORKINGS OF INCUBATORS AND ACCELERATORS

Discover the importance of incubators and accelerators and their purposeful design in seeding new ideas

#### THE STRATEGIC RISE OF CORPORATE INNOVATION

Gain a practical understanding of how corporations are investing into innovation, both in-house and in partnership
