

MSCM

MASTER OF SUPPLY CHAIN MANAGEMENT

Student Success Report 2024

Marjie Wang (MSCM '21)
Merchant, Loblaw
Companies Limited

The following provides a snapshot of employment outcomes for the **full-time** MSCM Class of 2024. The employment outcomes presented in this document serve as a reference for prospective students, offering insight into potential career paths. The labour market is dynamic and shaped by numerous factors, and the Schulich Centre for Career Design (CCD) offers many resources to students to ensure they are well equipped to navigate their job search with confidence, adapt to industry trends, and leverage opportunities that align with their skills and aspirations. See page two for more information on the CCD's services.

The Master of Supply Chain Management (MSCM) program develops the analytical and managerial skills needed to find creative supply chain solutions to business opportunities and problems.

David Wang (MSCM '20)
Director, National Warehousing, Stone Tile International

Career Advising & Design

At the Centre for Career Design, we empower students to develop and articulate the cognitive and interpersonal skills most valued by today's employers – skills that transcend industries and roles. We help students contextualize and communicate what they're learning in the classroom through the lens of employability.

Our approach is rooted in the NACE Competencies for a Career-Ready Workforce framework, a series of eight demonstrable competencies that help ensure success in the workplace:

Career & Self-Development

Communication

Critical Thinking

Equity & Inclusion

Leadership

Professionalism

Teamwork

Technology

Our advising model integrates the key tenets of Design Thinking

We teach students how to research, ideate, prototype, and test, equipping them with the mindset to adapt to a dynamic world and design meaningful careers aligned with their values and aspirations.

Career Advising & Design services available:

- One-to-one appointments
- Interactive career foundations workshops
- Industry insights and networking events
- Job postings and recruitment events
- Digital and AI tools and resources
