TEACHING EXPERIENCE

Senior Lecturer, BRAC University of Bangladesh

July 2022 – May 2023

Teaching Undergraduate Students

Brand Management, Service Marketing, International Marketing, and Entrepreneurship courses

University Service

Project Coordinator, Case Conference and Book Publication 2021 - 2023

Spearheaded the launch of a Case Conference as a Steering Committee member. Academics from different universities collaborated to develop local business case studies that bridge theory and practice, culminating in the publication of a comprehensive case book.

Facilitator, Workshop for Students on Writing Business Cases

June 2023

Guided students in honing critical-thinking, problem-solving, and writing skills, empowering them to independently pursue scholarly work.

Trainer, Women Entrepreneurship Project 'Venture Maetras'

2021 - 2023

Equipped underprivileged women with the necessary strategies required to overcome the challenges in their entrepreneurship journey. Due to patriarchal norms entrenched in the stereotypical society of Bangladesh, women's contributions are confined to household chores and they face difficulty to initiate their own ventures. Through this program, I have trained more than 100 women to operate and fund their businesses. Each of these entrepreneurs employs other women workers under her, as a result, this initiative enables gender equality and elevates decent work and economic growth.

Faculty Advisor, International Association of Business Communicators (IABC) Club

2018 - 2023

Initiated the first Intra-University Business Competition, INFIX. This unique corporate advisory competition required participants to propose solutions to internal problems by collaborating with sponsor companies. I prioritized understanding the personal goals of club members and demonstrated how organizing the competition could help them develop diverse skill sets, fostering a sense of ownership. By delegating tasks based on team strengths, I effectively coordinated efforts in branding, sponsorship, and stakeholder communication, leading to the successful execution of INFIX.

Lecturer, BRAC University of Bangladesh

January 2018 – June, 2022

Teaching Undergraduate Students

Brand Management and Entrepreneurship courses

University Service

Reviewer and PR specialist, International Conference on Business & Management (ICBM)

2021

Course Designer, buX, Brac University's online learning platform

2020

Developed three courses: i) Services Marketing, ii) International Marketing, and iii) Entrepreneurship

Reviewer, International Conference on Business & Management (ICBM)

2019

Undergraduate Teaching Assistant, North South University, Bangladesh

2012

VOLUNTARY EXPERIENCE

Student Volunteer, Association for Consumer Research Conference 2024

September 2024

Served as an on-site volunteer at the conference, assisting with registration, attendee wayfinding, working paper sessions, lunch logistics, and the closing night gala. Duties included checking in

participants, providing directions, recording session attendance, assisting with poster setup, and guiding attendees to event locations. Received complimentary conference registration and hotel stay in exchange for my service.

Treasurer, Bangladeshi Graduate Student Association, York University September 2023 – August 2024
Served as an Executive Committee Member of Bangladeshi Graduate Student Association of York University. It is a student-led organization that aims to provide graduate students with a platform to participate and interact with fellow Bangladeshi community members and beyond. To enhance campus life and the experience of students at York, we organized multiple get togethers that reflected Bangladeshi culture and tradition. As a treasurer, I arranged sponsorship for the programs and kept track of the finances. As an association, our efforts are aimed at creating a home away from home.

Technical Contributor, World Bank Group January – June 2022
Worked in the Transforming Secondary Education for Results (TSER) Program. I observed secondary schools from 11 randomly chosen villages in Bangladesh which prompted me to design initiatives to address menstruation-related stigma. I focused on the incorporation of topics on menstruation in the curriculum of secondary education. My efforts were aimed at improving adolescent health and have aided in mobilizing resources that improved school retention of 153,120 girls from low-income households.

Delegate, Bangladesh Youth Leadership Centre September 2018
Worked to develop a Youth Manifesto 2019-2023 in the Youth Leadership Summit. I contributed to reforming the current examination system that relies on rote memorization. In the Youth Manifesto, my viewpoint was highlighted amongst the top ten agendas. After a three-year-long process, the Government of Bangladesh decided to scrap examinations up to grade III at the primary level in 2021.

INDUSTRY EXPERIENCE

Manager, Digital Services & M- Technologies, Bondstein Technologies Limited, Bangladesh	2017
Senior Business Executive, Corporate Sales, United Finance Limited, Bangladesh	2016
