

SCHULICH SCHOOL OF BUSINESS

MBA EXCHANGE FACTSHEET 2026-27

The Schulich School of Business offers exchange students a dynamic, globally focused MBA experience in Toronto—one of the world's most diverse and vibrant cities. Known for its innovative curriculum and emphasis on responsible leadership, Schulich combines small, interactive classes with a highly international cohort and strong industry connections. Paired with Toronto's rich cultural scene, diverse cuisines, and year-round events, it provides an exceptional setting for academic growth, cultural exploration, and meaningful global connections.

NOMINATION INFORMATION FOR EXCHANGE COORDINATORS

Nomination Deadline	• Fall Term Exchange (September—December): April 1 • Winter Term Exchange (January-April): September 1 • MBA Summer Term Exchange (May-July): December 15 • MBA Intensive Summer Program (June): March 1
Nomination Process	A link to the online nomination form will be emailed to Exchange Coordinators

APPLICATION INFORMATION FOR STUDENTS

Application Deadline **The application link will be emailed to all nominated students**	• Fall Term Exchange (September—December): May 1 • Winter Term Exchange (January-April): September 15 • Summer Term Exchange (May-July): January 15 • MBA Intensive Summer Program (June): March 10
Required Documents	An online exchange application including: • Recent transcript including currently enrolled courses • Proof of English language proficiency if studying in a language other than English • Resume or curriculum vitae • Photo

LANGUAGE REQUIREMENTS

TOEFL iBT	Minimum score: 100 (Pre 2026) or 5 (no section below 4.5)
IELTS – Academic	Minimum score: 7
TOEIC (both required)	Minimum score: 850
Post Secondary Classes Taught in English	Historical evidence that students have successfully pursued post- secondary studies in English

WORK EXPERIENCE

Students are required to have business-related workexperience. A minimum of two years is strongly recommended. This experience is crucial as it provides a valuable reference point, enabling students to actively contribute to class and group discussions.

Additionally, we trust that Exchange Coordinators will select suitable students to attend.

TERM DATES

Term Dates (including exams)	September 14 - December 20, 2026	January 11 - April 20, 2027	May 10 - August 8, 2027	June 7 - 18, 2027
Term Break	October 27-30, 2026	February 23-26, 2027	n/a	n/a

ACADEMIC INFORMATION

Course Information

Graduate exchange students must have completed all master's foundation (first year/core) courses and may only enrol in MBA elective courses at the 6000 level. Elective courses are delivered in small classes and use a variety of teaching methods. Attendance is mandatory and class participation forms part of the final grade.

Each 3-credit course involves approximately 100 hours of work including 36 classroom hours (3 hours per week over 12 weeks). A full-time course load at Schulich is 5 courses (15 Schulich credits). Exchange students are expected to enrol in a minimum of 3 courses (9 Schulich credits).

Elective courses vary by term, and enrolment in specific electives is not guaranteed. Students should remain flexible when planning their studies. For more information, visit Courses & Academics.

Exams

Final exams are scheduled for the week following the last day of classes. Students are advised not to make travel plans before the end of the exam period however, students may leave early if all course requirements are completed.

Grades & Transcripts

Students can view their grades online through their student portal. Schulich uses a letter grade system: A+, A, A-, B+, B, B-, C+, C, C-, F.
A transcript is sent to the home institution approximately 4-6 weeks after completion of the term. Additional transcripts can be ordered online through the Registrar's Office.

Code of Conduct

All students must adhere to the University's code of conduct and academic integrity policies. Student are required to complete mandatory academic integrity training modules prior to the start of the term.

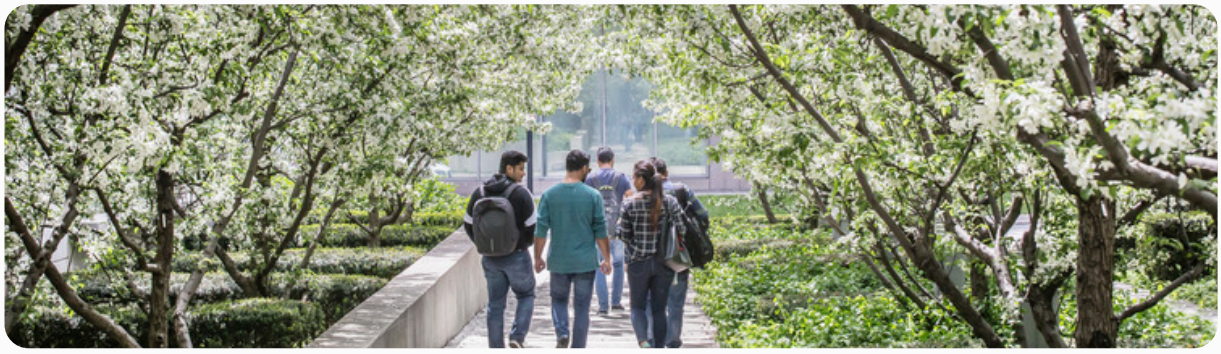

INTERNATIONAL RELATIONS SUPPORT

Pre-Arrival Webinar

Prior to the start of each term, students are invited to attend a pre-arrival webinar designed to provide practical information to help them prepare for their transition to Canada and Schulich.

Orientation

The mandatory Orientation offers valuable information and resources to help students prepare for their journey and integrate into the Schulich community.

Visa Information & Immigration Support

Exchange students are responsible for obtaining the appropriate Canadian immigration documents to enter Canada. Students studying for less than 6 months can enter and study as visitors but must apply for the correct travel document (Temporary Resident Visa or electronic Travel Authorization) before arriving. A Canadian study permit is not required. Please refer to the Visit Canada website to determine which document is required (TRV or eTA). Students requiring a Temporary Resident Visa (TRV) should apply as early as possible due to potentially lengthy processing times. Our team includes immigration specialists to provide guidance and support throughout the process.

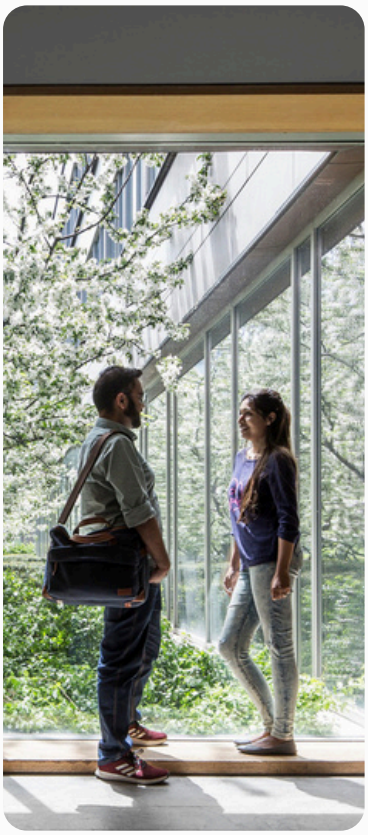

English Language Peer Support (ELPS)

Students seeking support with English proficiency can work with trained peer supporters for feedback on assignments, case analyses, papers, and presentations. Support is available for grammar, organization, citations, academic writing, and presentation delivery.

CAREER SERVICES

The Centre for Career Design (CCD) supports students in achieving their career goals by providing access to a wide range of professional development resources and services including corporate information sessions, panel discussions, workshops, networking events, individual counselling, resume reviews and mock interviews.

HEALTH SERVICES

University Health Insurance Plan (UHIP)

UHIP is mandatory for all exchange students and provides basic coverage for visits to a doctor or hospital. York University administers UHIP enrollment prior to the start of the term. Students may choose to purchase supplementary insurance to cover services not included in UHIP such as medications, dental care and paramedical services.

Student Accessibility Services (SAS)

Academic support and accommodation are available for students with disabilities. Registration and documentation are required and should be submitted once approved for exchange to ensure students receive the necessary support.

Student Counselling & Development (SCD)

A professional and supportive environment ensures students have equitable access to a variety of services and resources that support their personal well-being and help them achieve academic success.

STUDENT LIFE

The Graduate Business Council (GBC) represents graduate students and advocates on their behalf to Schulich faculty and administration. It also organizes networking, recreational, and social events that enhance the student experience. Schulich's student clubs provide opportunities to explore business interests, develop leadership skills, and connect with peers and industry professionals. Exchange students are encouraged to get involved and make the most of their time at Schulich.

HOUSING

York University's Housing Services provides on-campus housing options. For information on both on-campus and off-campus housing, refer to Schulich's Student Housing Opportunities website. Students are responsible for securing their own accommodations. On-campus housing is not guaranteed.

LIVING EXPENSES (FOR A 4-MONTH TERM*)

Housing: On-Campus Off-Campus	$6,152 Bachelor apartment $3,000-5,000 near YorkU, $5,000-$10,000 Downtown

SHORT SUMMER PROGRAM 2027

DESIGNING STARTUP COMMUNITIES: INSIDE TORONTO'S INNOVATION ECOSYSTEM

In the last decade, Toronto has risen to global prominence in the arena of Tech & Innovation: an ecosystem that nurtures and powers up high-growth startups, scaleups, and unicorns. The mission of Intelligent Innovation Ecosystem Design is to empower students with the skills and experiences to master the tech landscape and to bring systems thinking to their own organizations and communities.

Unlock the Strategies Behind Creating a Thriving Tech & Innovation Ecosystem:

Learn the frameworks and strategies behind sparking, scaling, and sustaining Tech & Innovation from the most influential ecosystem design minds in Toronto.

Program Fee Inclusions:

- Course materials and readings
- Company visits and presentations
- Welcome lunch
- Social and cultural excursions
- Toronto sightseeing tour
- Day trip to Niagara Falls
- CN Tower Farewell Dinner
- Transportation to/from excursions and company visits where required

Refer to the Graduate Intensive Summer Program Fact Sheet and website for more information

3.0 Schulich credits (39 contact hours)

Program fee: $800 CAD
Tuition fee: waived for nominated students from partner schools
